8" x 10" 11" x 14" 16 x 20" 22" x 30" Other _____

Finished Frame Size Desired _____ Date Desired _____

Colors to be included _____

Please tell me about your pet. I work hard to capture personality, as well as physical features. Knowing about any important information will ensure your successful portrait. Does he/she have a favorite toy, past time, or enduring feature that you'd like included? _____

Combining both my love of watercolor as a medium with my life long love of our four legged friends, I try to capture each pets unique and distinctive features in every painting. I work from photographs you supply to create each commissioned portrait. These photographs must be clear and sharp with accurate color and good detail. I also require close ups of the head to ensure accuracy, and reserve the right to refuse photographs deemed unacceptable for use. I prefer to meet the animal in person to take the photographs myself. There is no charge for this service in the local area, based on reasonable time and travel allowances. An electronic draft will be provided at the beginning, and before the portrait is finalized to ensure your complete satisfaction.

Acceptable photo(s) provided? Yes No Electronic photo(s) provided? Yes No
